

Riverbend Youth Collective

Q3 FY2026 Board Report

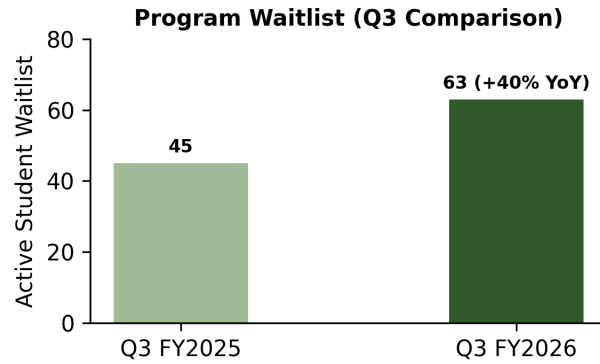

Prepared by: Maya Okafor, Executive Director

Date: October 2026

Location: Dayton, Ohio

1. Program Snapshot

During Q3 FY2026, the Riverbend Youth Collective experienced unprecedented program demand. Our academic mentoring sessions at Roosevelt Middle and Kenton Community are operating at maximum capacity. Notably, student **demand up 40% year-over-year** relative to Q3 FY2025. This is reflected in our student waitlist, which has grown from 45 students to 63 students.

While waitlist growth demonstrates strong trust and need in the Dayton community, it places significant operational strain on our active coordinators and lead mentors who are managing large cohorts.

2. Funding Status

Our primary financial constraint is that current funding is flat year-over-year. To sustain our operations and address the expanding waitlist, we must diversify our grant portfolio, particularly federal opportunities. Active grant applications include:

Grant Agency / Opportunity	Status	Owner
OJJDP Youth Mentoring Program	Drafting (Evidence Collection)	D. Sullivan
Dayton Foundation Community Grant	Reviewing (Finalizing budget)	J. Martinez
Ohio Department of Education Afterschool	Submitted (Awaiting decision)	M. Okafor

3. Volunteer & Community Support

Volunteer capacity remains a bright spot. Through our fall outreach campaign run by Sam Whitfield, we achieved a milestone of **200 active volunteers** as of this month, contributing **3,400 hours YTD**. Academic tutoring hours logged this quarter totaled **1,240 hours** across all sites, driven by extra Thursday sessions.

4. Priorities for Q4

- **Diversify our grant portfolio:** Focus on federal and state grants (OJJDP submit date approaching).
- **Individual Donors:** Launch the annual year-end appeal.
- **Volunteer Matching:** Shift new volunteers into Roosevelt Middle tutoring queues.
